

**Learn
History
through
Celebration**

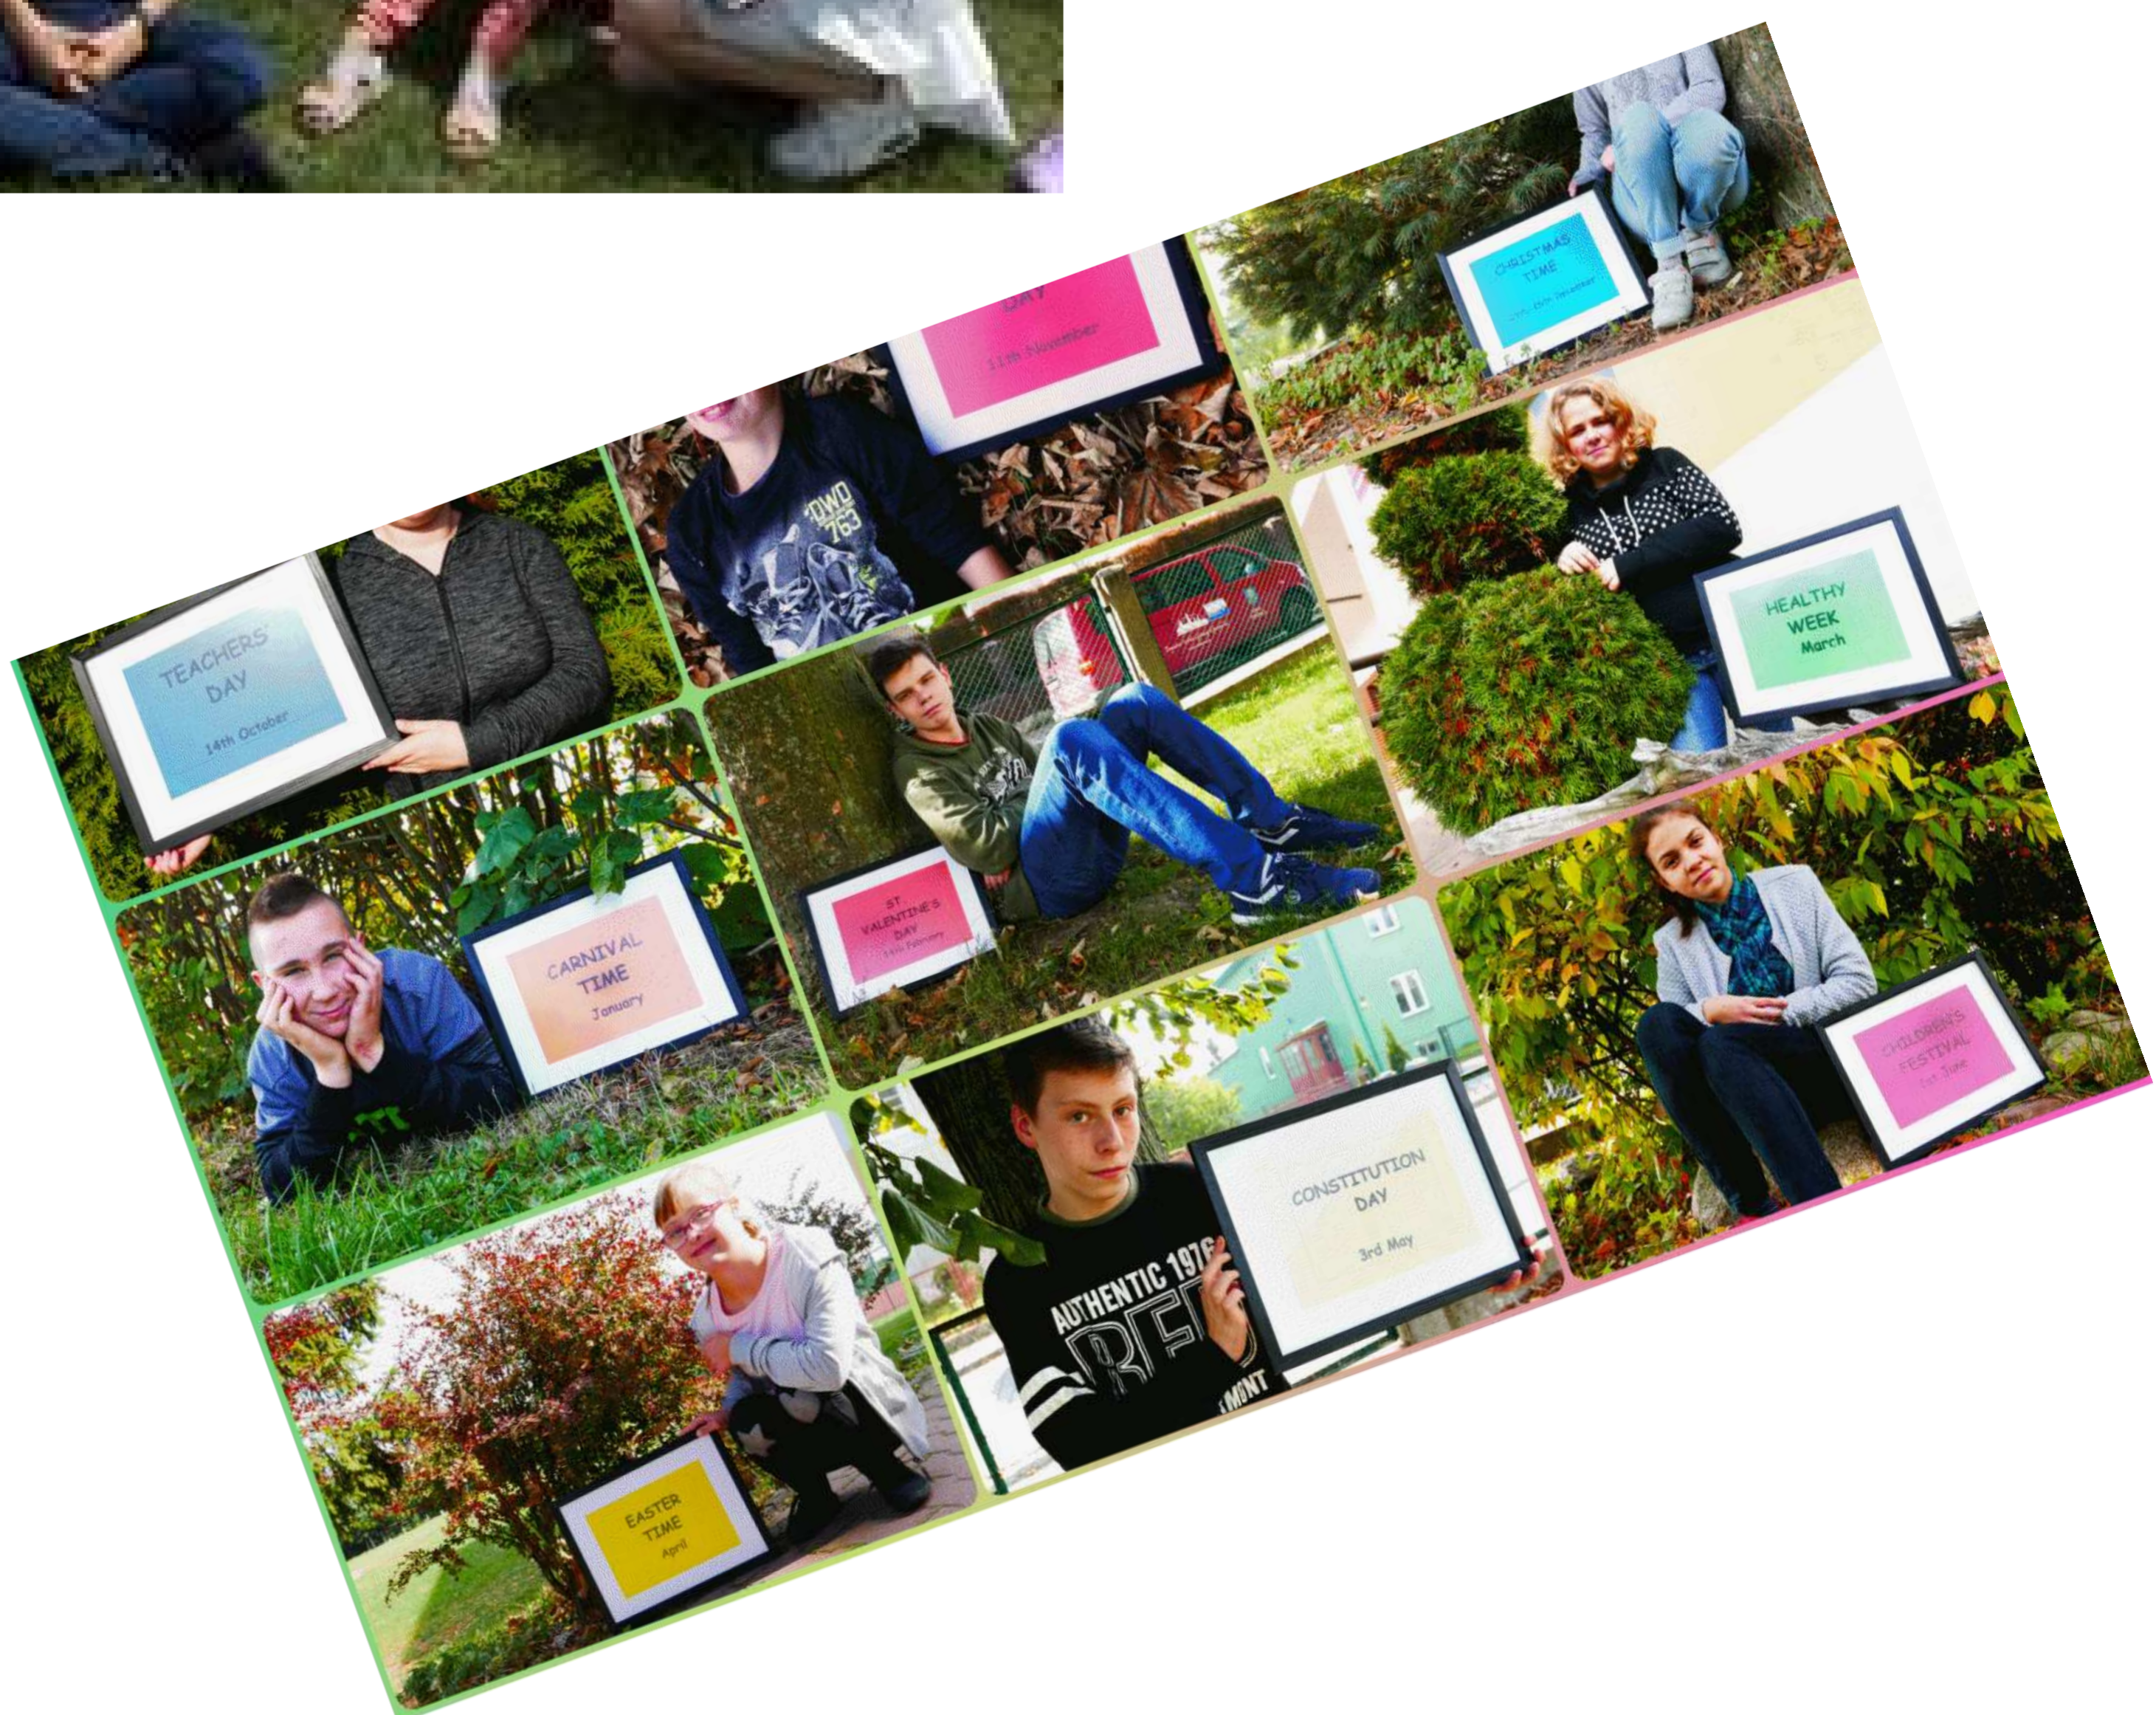

**TEAMS ARE FROM
UKRAINE, GREECE,
POLAND, TURKEY,
ARMENIA, FRANCE.**

**LEARN
HISTORY**

**THROUGH
CELEBRATION**

This year we told
about our national
holidays, share
information,
exchanged postcards,
filmed nice videos to
understand each
other, to make peace
and friendship
between our
countries!

Learning at school we didn't forget to explore our world and to create new pages for our project.

What are our results?

1. We met!
2. We created and voted for our logo!
3. We know that all countries have got some of the same holidays and traditions.
4. We knew about new for us holidays from our partners countries and we celebrated those fasts together.
5. We did presentations and used them at the lessons to tell about history and celebrations to other pupils of our schools.

LOGOS

*The same
holidays*

WOMAN'S DAY

The 8 March is the women's day.

Every child wrote a thought against violence against women. Our mayor Rachel had our thoughts engraved on ceramic tiles that were then hung on the tree of life, created by the local sculptor Cresta.

Cristmas

Easter

The St. Valentine's Day

Every February 14 engaged couples come from all over the world to receive the blessing in the church of San Valentino, this celebration is called "Festa della promessa".

**All pupils like being
out :)**

Different countries and different traditions

*We informed
about our
collaboration in
the school
newspapers*

We said THANKS A LOT for cooperation on the platform eTwinning
